FARM MILNÁ www.farmamilna.cz

Milná farm is a family company which manages the southern part of the Šumava in the former district of Český Krumlov. Land is located at an altitude of 670-820 meters. The farm manages 1620 ha of farmland, they are all permanent grassland. 1.5.1993 farm founded by Ing. Václav Valenta CSc. (the owner and manager, working for many years in the agricultural sector, a graduate of the University of Agriculture, in particular, an expert in animal production). The farm is mainly focused on raising beef cattle and landscape maintenance, supplementary activities include hunting and forest and fishpond farming. Farma Milná is a member of the Regional Centre PRO - BIO Šumava, an association that brings together ecofarmers of several districts of the South Bohemian and Pilsen region and especially farmers CHKOS and the Šumava National Park. The main task is mainly to promote and support organic agriculture, but primarily focuses on consulting dairy farmers. Ecological farmer is the one who does not harm groundwater resources and surface water, maintains the landscape and tries to make the landscape sufficient to shelter wild organisms, respects the natural behavior of domestic animals, simply manages farm in harmony with nature.
